

HELLO,

WE ARE KATZENTEMPEL.

What to expect from us? Good food and cats. That sounds a bit simple, but if you take a closer look, you will discover that there is more to Katzentempel.

We are a restaurant where you can try new things and be curious. Not only are our dishes delicious - they are also vegan. In our kitchen we prepare everything entirely without animal products, for the sake of the animals, the environment and, therefore, ourselves. When selecting our ingredients, quality is just as important to us as the ecological footprint. With our menu we strive to show just how flavourful plants are and how good it feels to enjoy cruelty free food. All while our cute temple tigers are snoozing nearby.

Speaking of Tempel cats, there's also more to our fluffy four-legged friends than you might think at first. All of our temple cats are rescues adopted from animal welfare institutions/organisations so each of them has their own story. This and their unique characters make them very special company.

We invite you to slow down while you are dining with us. Let our furry friends lead you by example and let yourself be calmed by their serenity. Treat yourself to some Feel Good Food from our kitchen and let the atmosphere take effect. The Katzentempel experience is all about good food & good vibes.

Discover our other locations, too! You can find Katzentempel in several cities (across Germany) already.

You will not only do good for your favourite cat but also for yourself. You will receive benefits (depending on your contribution), e.g. extra cuddle time before opening times, Katzentempel souvenirs, regular godparent-gatherings and a lot more.
